## Clean connection

Contain those sticky smears, spills and drips made by little

eaters by taking along a table or floor topper, made by Neat Solutions. Whether visiting friends or eating out, the plastic sheets printed with kid-friendly characters like Blue's Clues and Sesame Street can be stuck to any surface with the two adhesive strips on the back, then peeled up and thrown away. The mats are sold in packs of eight or 20 and sell for \$5 or \$10. They are available at Rite Aid, Babies R Us and Burlington Coat Factory.
